There is no provision for improvement of grades by re-registering the course. Students are required to re-register for a course in which he/she obtain FF (fail grade) in the subsequent semester. Student performance is indicated by CGPA (Cumulative Grade Point Average) and is not awarded any division/percentage. A student is eligible for the award of a degree after completion of various requirements set by the institute in terms of credits, CGPA, and type of courses completed.

8.3.2. Academic Rule Book

The academic rule book is made available to all the students and is also available on the website of the Institute. It can be accessed using the following link. Academic Peer Review of each academic program is done with the help of faculty members of IIITs, NITs, IITs, and members of the industry. The suggestions received under this review program are implemented through the respective Board of Studies. The academic rule book is from time to time updated and approved by the Senate.

10. Conduction of Lectures and Classroom Environment

The infrastructural facilities available at IIIT, Nagpur include physical as well as online resources. Physical resources include teaching as well as research laboratories whereas online resources include a Learning Management platform known as "Moodle" and an online teaching platform known as "Webex". Moddle consists of ample features such as maintaining student data, course material, methods to give assignments, and ways to conduct exams and do the evaluation. With the help of the Webex platform, teachers conduct online video lectures, online laboratories, and also conduct viva. During the pandemic, situation classes were conducted through online mode using the mentioned platforms. As the situation gets normal and the institute has resumed the physical conduction.

10.2. Online Mode of Conduction of Lab

During the pandemic situation of COVID-19, IIIT Nagpur was continuously delivering the teaching to the students through all possible modes, which includes the use of virtual mode, recorded videos, and open-source simulator tools. In online mode, lab experiments that involve hardware components, teachers made videos of working experiments wherein they have explained the circuits and connections. In addition to this, students do assignments using simulation tools which help them to understand the details of the circuits and connections.

14. Institute library of IIIT, Nagpur.

10.2.1. Online Conduct of Software-based/Programming Laboratories

In online mode, programming or software-based labs used online resources like online compilers, cloud services, etc to teach programming concepts to the students.

10.3. Library and Information Centre

Central Library is an area of about 600 sq. feet approximately. It contains a Reading Hall wherein 50 readers can be accommodated at a time, with one stack room that is having a collection of about 2244 (books & CDs). The net cost of books is Rs. 13, 43,361 Lakh.

A new step toward the digital world has been taken by the institute by introducing an E-Library which was very helpful to the students and faculties during the remote mode of teaching during the COVID-19 pandemic situation.

The Digital Library aimed to provide online access to e-books, e-journals, research papers, and so many online resources. It helped students as well as faculties to remain connected with learning content in the COVID-19 lockdown condition. The E-Library contains 43 e-books currently with remote access to view, read, and download in unlimited nature 24×7. These 43

e-books are belonging to the CSE, ECE, and BS's elective and core subjects. In addition, more than 57 e-books are in the process to launch soon. Along with this, the File Transfer Protocol (FTP) is launched for providing the services of digital media storage resources. Currently, it contains previous year's question papers, UG research projects, placement material, etc. The digital media provides full access to various useful things like National Digital Library, Open access journals/books, NPTEL video lectures, placement material, news/magazines, and online plagiarism software "URKUND" etc.

10.4. Standard of Question Paper for Online Mode

Maintaining the standard of question papers in this academic year happens to be a challenging task due to the online mode of teaching and evaluation. To maintain the quality of question papers and mode of evaluation, the theory examinations are divided into three parts: (1) Mid Semester Exam (2) Teacher's Assessment, and (3) End Semester Exam. The Mid Semester exam carries 30% of the marks, the Teacher's Assessment carries 20% and the End Semester exam carries 50% of the total marks. To reduce the malpractice, multiple questions of the same complexity were prepared and distributed among the students randomly. Multiple choice question banks were made and for a target of 20 questions around five times questions were uploaded on the online platform. As a result, students receive different questions of the same complexity. Randomized subjective tests lead to a unique question paper for every student thereby preventing mass copying and sharing of answers. In addition to all this, students have to write their enrolment no, name, date, other details, and most importantly their signature on every page of the answer sheet for smooth conduction of the examination.

10.5. Academic Calendar

The academic calendar is designed and proposed by a specially made committee and approved by the senate. The Academic calendar of IIIT Nagpur is already designed by taking inputs from Mentor Institute to keep in sync with the mentor institute academic calendar and also adhering to guidelines given by the Ministry of Education (MoE). It also has a space to organize various technical events and also to celebrate cultural Fest. For the proper information, the dissemination academic calendar is published on the website and also update regularly.

'ट्रिपल आयटी'तील विद्यार्थ्यांच्या 'प्लेसमेन्ट'च्या आकड्यांत वाढ

५६ कंपन्यांची 'व्हिजिट' : विद्यार्थ्यांचे सरासरी 'पॅकेज'ही वाढले

योगेश पांडे
लोकमत न्यूज नेटवर्क

नागपूर : 'ट्रिपल आयटी'कडे (इंडियन इन्स्टिट्यूट ऑफ इन्फॉर्मेशन टेक्नॉलॉजी) नामवंत कंपन्यांचा ओढा वाढत असून 'कोरोना'चे वर्ष असूनदेखील विद्यार्थ्यांच्या 'प्लेसमेन्ट'च्या आकड्यात वाढ झाली असल्याचे दिसून आले. २०२१मध्ये बाहेर पडलेल्या 'बॅच'मधील ६४.३५ टक्के विद्यार्थ्यांना अभ्यासक्रम पूर्ण होण्याअगोदरच 'प्लेसमेन्ट' मिळाले. विशेष म्हणजे विद्यार्थ्यांच्या सरासरी 'पॅकेज'मध्येदेखील वाढ झाल्याचे दिसून आले. मध्य भारतातील शैक्षणिक हब म्हणून ओळख बनविणाऱ्या नागपूरसाठी ही निश्चितच सकारात्मक बाब आहे.

सन २०१६-१७मध्ये नागपुरात 'ट्रिपल आयटी'ची सुरुवात झाली. देशभरातील २० 'ट्रिपल आयटी'तील नवीन संस्थांमध्ये नागपूरचा समावेश होतो. २०२०च्या 'बॅच'मध्ये ४१ विद्यार्थ्यांनी 'प्लेसमेन्ट ड्राईव्ह'साठी नोंदणी केली होती. २४ कंपन्या मुलाखतींसाठी आल्या होत्या व ३० विद्यार्थ्यांचे 'प्लेसमेन्ट' झाले होते.

ही टक्केवारी ७३.१७ टक्के इतकी होती. २०२१च्या 'बॅच'मध्ये १४१ विद्यार्थ्यांनी नोंदणी केली. यावर्षी कंपन्यांमध्येदेखील वाढ झाली व 'प्लेसमेन्ट'साठी राष्ट्रीय - आंतरराष्ट्रीय पातळीवरील ५६ कंपन्या आल्या. नोंदणी झालेल्यांपैकी १०९ विद्यार्थी मुलाखतींसाठी पात्र ठरले व ९१ जणांचे प्रत्यक्ष 'प्लेसमेन्ट' झाले. काही विद्यार्थ्यांना तर दोन किंवा त्याहून अधिक कंपन्यांच्या 'ऑफर्स' मिळाल्या.

'प्लेसमेन्ट'ची आकडेवारी (२०२१)

विभाग	नोंदणीकृत विद्यार्थी	पात्र विद्यार्थी	प्लेसमेन्ट	जारी ऑफर लेटर्स
इलेक्ट्रॉनिक्स अँड कम्युनिकेशन अभियांत्रिकी	५२	३३	२८	५४
संगणक विज्ञान व अभियांत्रिकी	८९	७६	६३	९६
एकूण	१४१	१०९	९१	१५०

४४.५ लाखांचे सर्वाधिक 'पॅकेज'

- २०२०च्या 'बॅच'मध्ये विद्यार्थ्यांचे सरासरी 'पॅकेज' ७.७ लाख इतके होते व २० लाख हा सर्वाधिक 'पॅकेज'चा आकडा होता. यावर्षी यात वाढ झाली. सरासरी 'पॅकेज' ८.२७ लाख इतके होते व ४४.५ लाख रुपयांचे 'पॅकेज' सर्वाधिक ठरले. १६ विद्यार्थ्यांना १० लाख किंवा त्याहून अधिक 'पॅकेज'ची 'ऑफर' दिली.

संगणक विज्ञानमध्ये जास्त 'प्लेसमेन्ट'

- 'ट्रिपल आयटी'मध्ये इलेक्ट्रॉनिक्स अँन्ड कम्युनिकेशन अभियांत्रिकी व संगणक विज्ञान व अभियांत्रिकी या दोन महत्त्वाच्या शाखा आहेत. यातील संगणक विज्ञान व अभियांत्रिकी विभागातील ८९पैकी ७६ विद्यार्थी मुलाखतीसाठी पात्र ठरले व ६३ जणांचे 'प्लेसमेन्ट' झाले. दुसरीकडे इलेक्ट्रॉनिक्स अँन्ड कम्युनिकेशन अभियांत्रिकी विभागातील ५२ विद्यार्थ्यांपैकी ३३ विद्यार्थी पात्र ठरले व २८ जणांचे 'प्लेसमेन्ट' झाले. दोन्ही विभाग मिळून १५० विद्यार्थ्यांना 'ऑफर लेटर्स' जारी करण्यात आले होते. काही विद्यार्थ्यांना एकाहून जास्त 'ऑफर' होत्या.

Separate Audit Report of the Comptroller and Auditor General of India on the Accounts of the Indian Institute of Information Technology, Nagpur for the year ended 31 March 2022.

We have audited the attached Balance Sheet of the Indian Institute of Information Technology, Nagpur ('the Institute') as at 31 March 2022, the Income & Expenditure Account and Receipt & Payment Account for the year ended on that date under Section 20(1) of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 read with Section 28 of the Indian Institutes of Information Technology (Public-Private Partnership) Act, 2017. The audit was entrusted for the period from 2016-17 to 2020-2021. These financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules and Regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Reports/ CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also

includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

i. We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit.

ii. The Balance Sheet, the Income & Expenditure Account and the Receipt & Payment Account dealt with by this report have been drawn up in the new format prescribed by the Ministry of Human Resource Development, Government of India vide Order No.29-4/2012-IFD dated 17 April 2015 .

iii. In our opinion, proper books of accounts and other relevant records have been maintained by the Institute as required under Section 28 of the Indian Institutes of Information Technology (Public-Private Partnership) Act, 2017 in so far as it appears from our examination of such books.

iv. We further report that:

A. Balance Sheet

A.1 Liabilities

A.1.1 Corpus/Capital Fund (Schedule 1) ₹142.44 crore

Above head included ₹ 11.60 crore on account of utilization of grants-in-aid from Government of India and state government to the extent utilised for capital expenditure which in turn included advance on capital account of ₹ 4.72 crore given during the year. As advance itself is not utilization of grants-in-aid, depicting the advance on capital account as utilization for capital expenditure resulted in overstatement of Corpus/Capital fund to the extent of ₹ 4.72 crore with consequent

understatement of unutilized grants-in-aid under the head other current liabilities under current liabilities and provisions (Schedule 3).

B Income & Expenditure account

B.1 Income

B.1.1 Academic Receipt (schedule 9) - Fees from student-Academic fees-Tuition fees-₹ 15.96 crore

The Institute accounted tuition fees of ₹ 280.83 lakh pertaining to the period between April 2022 and June 2022 in respect of 4th, 6th & 8th semesters as income for the year under academic receipts (sch-9) in contravention to the accrual system of accounting.

This has resulted in overstatement of income to the extent of ₹ 280.83 lakh with consequent understatement of current liabilities & provision (Schedule 3) to the same extent.

B.2 Expenditure

B.2.1 Academic Expenses (Schedule 16) – Expenses on seminars/workshop ₹0.52 Crore

Above head included expenditure incurred of ₹ 1.59 lakh on account of purchase of digital language lab software with life-time perpetual license. As digital language lab software is an intangible asset, the same required to be capitalized in the books of accounts instead of accounting the same as revenue expenditure. This has resulted in overstatement of expenditure to the extent of ₹ 0.95 lakh (after allowing depreciation at the rate of 40 per cent of ₹ 0.64 lakh) with consequent understatement of fixed asset to the same extent.

C. General Comments

1. Non-disclosure of retirement gratuity facts in notes to accounts.

Ministry of Education vide O.M No. F.No. 19-1/2017-IFD dated 27 January 2022 has clarified that Autonomous bodies may adopt Payment of Gratuity Act, 1972 administered by the Ministry of Labour and Employment and the issue relating to implementation of Payment of Gratuity Act may be taken up directly with Ministry of Labour and Employment either by the concerned autonomous body or through Ministry of Education. Further, IFD, Department of Higher Education, Ministry of Education, to ensure a uniform position across all ABs, has moved a proposal for seeking the approval of Ministry of Labour and Employment. The Institute has made provision in respect of gratuity to the employees covered under NPS. However, gratuity can be given to the employees of the ABs only if approved by the Ministry of Labour and Employment. Hence, in view of the above, the above facts should have been disclosed in notes to accounts.

D. Grants-in-Aid

Out of the total available grants-in-aid of ₹ 16.17 crore (₹5.00 crore Capital grant & ₹0.85 crore general revenue grant, interest of ₹ 0.30 crore received on unspent capital grant, ₹10.03 crore opening balance as per Balance Sheet), the Institute utilized an amount of ₹ 8.60 crore on capital expenditure and ₹ 0.85 crore on revenue expenditure thus, leaving a balance of ₹6.72 crore as unspent capital grants-in-aid.

During the year, the Institute had incurred revenue expenditure of ₹ 7.66 crore (₹ 9.76 crore – ₹ 1.96 crore depreciation charged – ₹ 0.14 crore provision for gratuity)

and the excess expenditure of ₹ 6.81 crore was met from the internally generated revenue of ₹ 21.02 crore (₹ 21.87 crore – ₹ 0.85 crore).

The Institute also received a grant of ₹3.00 crore during the year 2020-21 from Government of Maharashtra. Out of this, ₹1.88 crore had been received during the previous year and the remaining ₹1.12 crore grant receivable has been received by the institute in 2021-22. The entire amount was treated as utilized as capital expenditure during the year 2021-22.

In respect of utilization of capital grants-in-aid of ₹ 8.60 crore depicted by the Institute in its utilization certificate, ₹ 4.72 crore was advance on capital account to the contractor.

v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, the Income & Expenditure Account and Receipt & Payment Account dealt with by this report are in agreement with the books of accounts.

vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements, read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in the Annexure to this Audit Report, give a true and fair view in conformity with accounting principles generally accepted in India:
